

Leading the Fancraft™ Revolution

Leading the Fancraft™ Revolution

Urban Aeronautics Ltd, based in Yavne, Israel has developed a suite of patented, aerodynamic and flight control innovations that convert familiar ducted fan designs into a family of revolutionary, 21st Century aircraft with both military and civil applications. These technologies generate unique flight capabilities that transform the dream of intra-urban aviation into a present day reality.

Leading Applications:

- Cargo Delivery
- Casualty Evacuation
- Aerial Application
- Firefighting
- Rescue
- Utility
- NBC Response
- Special Forces
